Star Rating for Schools

James Bradford – iRAP
Global Product Director
Every day over 3,000 children and adolescents are killed or seriously injured on the world's roads.

What makes it even more disturbing is that so many of these young people are involved in traffic crashes on their way to and from school.

We owe it to our kids – and to their families and loved ones – to do everything we can to stop these tragedies.
"There is nothing more fearful for a FedEx Courier than a child darting out in front of your truck"

DAVID J. BRONCZEK, PRESIDENT AND CEO, FEDEX EXPRESS.
Sivile Primary School
Location: Khayelitsha, Western Cape, South Africa
Enrolled students: 1150

Morning Star Drive Intersection

Apollo Way mid-block crossing
The Process

Discussion with school -> Coding around school -> Current Star Rating -> Treatment suggestions -> Implementation

Assessment of treatments -> Upgrade Star Rating -> Quality Assurance -> Results published -> Pupils educated
Sivile Primary School
Location: Khayelitsha, Western Cape, South Africa
Enrolled students: 1150

Treatments
- Pedestrian crossing signalised
- Traffic calming
- Review coding data
